

ASSEMBLY BILL

No. 1258

Introduced by Assembly Member Daucher

February 22, 2005

An act relating to adult day health care.

LEGISLATIVE COUNSEL'S DIGEST

AB 1258, as introduced, Daucher. Adult day health care.

Existing law, the California Adult Day Health Care Act, provides for the licensure and regulation of adult day health care providers. Under existing law, adult day health care services are intended, among other things, to provide a viable alternative to institutionalization for those elderly persons who are capable of living at home with the aid of appropriate health care or rehabilitative and social services.

This bill would declare legislative intent to make the statutory changes necessary that would maximize federal financial participation in the adult day health care program.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. It is the intent of the Legislature in subsequent
- 2 amendments to make the statutory changes necessary that would
- 3 maximize federal financial participation in the adult day health
- 4 care program.

O
